It shall be unlawful for any person in the Town of Grafton to own, harbor or keep any dog of more than five (5) months of age without complying with the provisions of this Chapter relating to the listing, licensing and tagging of the same.

7.1.2.02 Exemption of Dogs for Blind, Deaf and Mobility-Impaired

Pursuant to Sec. 174.055, Wis. Stats., every dog specially trained to lead blind or deaf persons or to provide support for mobility-impaired persons is exempt from the dog license tax and every person owning such a dog shall receive annually a free dog license from the Town upon application.

7.1.3 Rabies Vaccination Required for License.

7.1.3.01 Rabies Vaccination

The owner of a dog shall have the dog vaccinated against rabies by a veterinarian within thirty (30) days after the dog reaches four (4) months of age and revaccinated within one (1) year after the initial vaccination. If the owner obtains the dog or brings the dog into the Town of Grafton after the dog has reached four (4) months of age, the owner shall have the dog vaccinated against rabies within thirty (30) days after the dog is brought into the Town unless the dog has been vaccinated as evidenced by a current certificate of rabies vaccination. The owner of a dog shall have the immunization revaccinated against rabies by a veterinarian before the date of that immunization expires as stated on the certificate of vaccination or, if no date is specified, within three (3) years after the previous vaccination. The certificate of vaccination shall meet the requirements of Sec. 95.21(2), Wis. Stats.

7.1.3.02 Issuance of Certificate of Rabies Vaccination

A veterinarian who vaccinates a dog against rabies shall complete and issue to the owner a certificate of rabies vaccination bearing a serial number stating the owners' name and address, the name, sex, spayed or unspayed, neutered or unneutered, breed and color of the dog, the date of the vaccination, the type of rabies vaccination administered and the manufacturer's serial number, the date that the immunization expires as specified for that type of vaccine by the Center for Disease Control of the U.S. Department of Health and Human Services and the Town.

The veterinarian shall keep a copy of each certificate of rabies vaccination in a file maintained for this purpose until the date that the immunization expires or until the dog is revaccinated, whichever occurs first.

7.1.3.04 Rabies Vaccination Tag

After issuing the certificate of rabies vaccination, the veterinarian shall deliver to the owner a rabies vaccination tag of durable material bearing the same serial number as the certificate, the year the vaccination was given and the name, address and telephone number of the veterinarian.

7.1.3.05 Tag to be Attached

The owner shall attach the rabies vaccination tag or a substitute tag to a collar and a collar with the tag attached shall be kept on the dog at all times, but this requirement does not apply to a dog during competition or training, to a dog while hunting, to a dog securely confined indoors or to a dog securely confined in a fenced area. The substitute tag shall be of a durable material and contain the same information as the rabies vaccination tag. The requirements of Secs. 7.1.3.01-7.1.3.06 do not apply to a dog which is not required to be vaccinated under this Code or the Wisconsin Statutes.

7.1.3.06 Duplicate Tag

The veterinarian may furnish a new rabies vaccination tag with a new serial number to an owner in place of the original tag upon presentation of the certificate of rabies vaccination. The veterinarian shall then indicate the new tag number on the certificate and keep a record in the file.

7.1.3.07 Cost

The owner shall pay the cost of the rabies vaccination and the cost associated with the issuance of a certificate of rabies vaccination and the delivery of a rabies vaccination tag.

7.1.4 Issuance of Dog Licenses.

7.1.4.01 Dog Licenses

- (A) It shall be unlawful for any person in the Town of Grafton to own, harbor or keep any dog more than five (5) months of age without complying with the provisions of Secs. 174.05 through Sec. 174.09, Wisconsin Statutes, relating to the listing, licensing and tagging of the same.
- (B) The owner of any dog more than five (5) months of age on January 1 of any year, or five (5) months of age within the license year, shall annually, or on or before the date the dog becomes five (5) months of age, pay a license tax and obtain a license.
- (C) The license tax under this Section shall be as provided in Title 1, Ch. 3.
- (D) The license year shall commence January 1 and end December 31.
- (E) Upon payment of the required license tax and upon presentation of evidence that the dog is currently immunized against rabies, as required by Section 7.1.3 of this Chapter, the Town Treasurer shall complete and issue to the owner a license for such dog containing all information required by state law. The Town Treasurer shall also deliver to the owner, at the time of issuance of the license, a tag of durable material bearing the same serial number as the license, the name of the county in which issued and the license year.
- (F) The owner shall securely attach the tag to a collar and the collar with the tag attached shall be kept on the dog for which the license is issued at all times, except as provided in Section 7.1.3.05.
- (G) The fact that a dog is without a tag attached to the dog by means of a collar shall be presumptive evidence that the dog is unlicensed. Any law enforcement or humane officer shall seize, impound or restrain any dog for which a dog license is required which is found without such tag attached. Each day that any dog within the Town of Grafton continues to be unlicensed constitutes a separate offense for which a separate penalty applies.
- (H) Notwithstanding the foregoing, every dog specifically trained to lead blind or deaf persons is exempt from the dog license tax, and every person owning such a dog shall receive annually a free dog license from the Town Treasurer upon application therefor.

7.1.4.02 Multiple Dog Licenses

- (A) Any person who keeps more than one dog may, instead of the license tax for each dog required by this Chapter, apply for a multiple dog license for the keeping of the dogs. Upon payment of the required license tax and, if required by the Town Board, upon presentation of evidence that all dogs over five (5) months of age are currently immunized against rabies, the Town Treasurer or his deputy shall issue the multiple dog license and the number of tags equal to the number of dogs authorized to be kept by the person..
- (B) Multiple dog license tags shall be made in a form so that they may be readily distinguishable from the individual license tags for the same year. The owner or keeper of dogs for which a multiple dog license has been issued shall keep at all times a multiple dog license tag attached to the collar of each dog over five (5) months old kept by the owner or keeper under a multiple dog license but this requirement does not apply to a dog during competition or training , to a dog securely confined indoors, to a dog while hunting, or to a dog securely confined in a fenced area. These tags may be transferred from one dog to another if the other dog is currently immunized against rabies. The rabies vaccination tag or substitute tag shall remain attached to the dog for which it is issued at all times but this requirement does not apply to a dog during competition or training, to a dog securely confined indoors, to a dog while hunting, or to a dog securely confined in a fenced area. No dog bearing a multiple dog license tag shall be permitted to stray or to be taken anywhere outside the limits of the owner’s or keeper’s premises unless the dog is in leash or temporarily out for the purposes of hunting, breeding, trial, training, or competition.
- (C) Applicability of other requirements. Unless clearly inapplicable, all other provisions of this Chapter relating to the individual dog license tax, licenses, and tags shall apply to the multiple dog license and tax.

7.1.5 Late Fees.

The Town Treasurer shall assess and collect a late fee as set by the Town Board from every owner of a dog five (5) months of age or over if the owner failed to obtain a license prior to April 1 of each year, or within thirty (30) days of acquiring ownership of a licensable dog or if the owner failed to obtain a license on or before the dog reached licensable age. The officer shall attempt to kill the animal in a humane manner and in a manner which avoids damage to the animal's head.

An officer who orders a dog or cat to be quarantined shall deliver the animal or shall order the animal delivered to an isolation facility as soon as possible but no later than twenty-four (24), hours after the original order is issued or the officer may order the animal to be quarantined on the premises of the owner if the animal is immunized currently against rabies as evidenced by a valid certificate of rabies vaccination or other evidence.
- (B) Health risk to humans. If a dog or cat is ordered to be quarantined because there is reason to believe that the animal bit a person, the custodian of an isolation facility or the owner shall keep the animal under strict isolation under the supervision of a veterinarian for at least ten (10) days after the incident occurred. In this paragraph, "supervision of a veterinarian" includes, at a minimum, examination of the animal on the first day of isolation, on the last day of isolation and on one (1) intervening day. If the observation period is not extended and if the veterinarian certifies that the dog or cat has not exhibited any signs of rabies, the animal may be released from quarantine at the end of the observation period.
- (C) Risk to animal health.
 - (1) If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal and if the dog or cat is not currently immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for one hundred eighty (180) days. The owner shall have the animal vaccinated against rabies between one hundred fifty-five (155) and one hundred sixty-five (165) days after the exposure to a rabid animal.
 - (2) If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal but if the dog or cat is immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for sixty (60) days. The owner shall have the animal revaccinated against rabies as soon as possible after exposure to a rabid animal.
- (D) Sacrifice of a dog or cat exhibiting symptoms of rabies. If a veterinarian determines that a dog or cat exhibits symptoms of rabies during the original or extended observation period, the veterinarian shall notify the owner and the officer who ordered the animal quarantined and the officer or veterinarian shall kill the animal in a humane manner and in a manner which avoids damage to the animal's head. If the dog or cat is suspected to have bitten a person, the veterinarian shall notify the person or the person's physician.

7.1.7.05 Delivery; Examination by Laboratory of Hygiene

An officer who kills an animal shall deliver the carcass to a veterinarian or local health department. The veterinarian or local health department shall prepare the carcass, properly prepare and package the head of the animal in a manner to

minimize deterioration, arrange for delivery by the most expeditious means feasible of the head of the animal to the State Laboratory of Hygiene and dispose of or arrange for the disposal of the remainder of the carcass in a manner which minimizes the risk or exposure to any rabies virus. The Laboratory of Hygiene shall examine the specimen and determine if the animal was infected with rabies. The State Laboratory of Hygiene shall notify the Town, the veterinarian or local health department which prepared the carcass and, if the animal is suspected to have bitten a person, that person or the person's physician.
