## **TOWN OF GRAFTON BRUSH PICKUP POLICY**

1. The Town of Grafton offers free, bi-annual Brush Pickup for Town residents via services provided by the Ozaukee County Highway Department.
2. The Ozaukee County Highway Department only makes 1 trip past every property in the Town; therefore, all brush needs to be out and ready (cut end facing the road) by Sunday night. Pickup begins first thing the next morning (Monday).
3. There is a 15-minute time limit at each property; therefore, brush piles cannot exceed 10' long by 5' high, or the average size of an SUV.
4. If the Ozaukee County Highway Department arrives at a property with a pile larger than the allotted amount, the Town Office will be contacted. At that time, the Town Office will attempt to contact the property owner to see if they wish to be skipped, if they choose to pay the estimated cost (per Ozaukee County Highway Department) for the removal of the large brush pile, or if they have made previous arrangements for brush removal.
